

REHABILITATION

Out-Patient Therapy

HELPING INDIVIDUALS REGAIN INDEPENDENCE

Rehabilitation at Walnut Hills helps individuals regain independence and build confidence. While many of our customers stay at our Nursing Home for several days to recover from surgery or other medical issues, we also offer out-patient rehabilitation, which allows individuals to obtain therapy at conveniently scheduled times.

- Licensed and professional physical, occupational, and speech therapists and certified therapy assistants and aides.
- Out-patient therapies available six days a week.
- Convenient parking and direct entrance to Rehabilitation Department.
- Functional therapy activities using training kitchens, bathrooms, and other facilities to address deficits in strength, endurance, balance, and coordination.
